Subject: Quick Question

Good Morning Kristy,

I hope you had a nice weekend.

Is the sampling still a go for tomorrow, assuming we get no rain? If so can you send me the contact information so that I can put my contractor in touch with the sampling teams for start time and meeting location. It would be much appreciated.

On a side note, it looks like last week's work went well. I think I am going to have to make it down for one of the future Biological Assessments as the pictures reminded me of my first job longline electro-shocking and setting Hester-Dendy's.

Have a great week!

Thank you,

JJ Justice
